

## INTRODUCTION

We hope you enjoy reading through our latest catalogue. We aim to provide restorers and historic vehicle enthusiasts with transfers and graphics to the highest attainable standard.

Our background is mainly motor cycle orientated but over the years we have found that many motor cycle transfers were used on bicycles, and vice versa. If you are unable to find what you need always ask - we may be about to have the item printed.

The majority of our stocks are the popular waterslide transfers but we also supply vinyl graphics where originally they were in that format. Low volume sellers are also supplied as vinyl graphics where a waterslide print run would be totally uneconomic. We use only best quality cast 10 year vinyl with a 'thinness' of 50 microns (2 thou inch).

We are also able to offer white registration letters and numbers in four sizes, 1¾ inch and 2½ inch deep for motor cycles and 3 inch and 3½ inch for three wheelers and motor cars. See last page for further details.

By far the majority of our artwork is produced by hand-drawing (as were the originals) and we resist the temptation to produce transfers using standard computer fonts, thus keeping the period look of the originals.

We have tried to be as accurate as we can with the relevant location and year information in our listings, but your detailed knowledge of a particular model may well be greater than ours.

### LEGEND

4 Figure ref. nos. only - Waterslide Type

4 Figure ref. nos. suffixed by LC - Vinyl Graphics Best quality, 2 thou material

V - Varnish Fix

R.L.H. - Right and Left Hand Pair

The appropriate application and overcoating instructions are always supplied with the transfers and we would point out that all orders are sent out in polythene bags within a board backed envelope, ensuring that it should reach you in perfect condition at all times. We use only first class mail and air mail where appropriate.

**Returns Policy:** We always aim to supply transfers of the highest quality in mint condition. We gladly accept returns for exchange on the strict understanding that the transfers are not damaged in any way, i.e. creased, torn or soiled with oily fingermarks and the like. We have found this stipulation necessary on account of the few we do have returned being in an unsaleable condition. This does not affect your statutory rights.

One last point, we are always interested in acquiring original transfers, labels or stickers for verification purposes. We reserve the right to amend the artwork of our catalogued items to more exacting original specification as such information becomes available.

**CLASSIC SERIES  
ORIGINAL STYLE  
REGISTRATION LETTERS AND NUMERALS**

COMPONENT PARTS FOR

REGISTRATION PLATES, V5 NOT REQUIRED

The illustration shows a Royal Enfield front number plate from the 1925/32 period made up from Classic Transfers.

Letters and numbers are waterslide type for ease and exact positioning on your number plate. Finish off with a coat of varnish or two pack over the whole number plate.

Two sizes are available, 1<sup>3</sup>/<sub>4</sub>" deep for front plates and 2<sup>1</sup>/<sub>2</sub>" deep for rear, all priced at 75p per character. A set of three curly hyphens, pre war style, is available for 75p extra.

Our registration letters and numerals are produced from hand drawn artwork in a pre '65 period style and do not conform to any modern computer generated type face. Instructions are provided which include dimensions for spacings and edging distances.

These registration letters and numerals are now available as a vinyl graphic at 80p per character - we can pre-space the digits on rear number plates so they can be applied in one hit £7.50 per plate

**CAR REGISTRATION PLATES**

We have introduced 3" and 3<sup>1</sup>/<sub>2</sub>" white letters for 3 wheelers and cars, preset in one or two rows for £12.00 per plate. As an alternative, for the same price, we can offer a low tack paint mask stencil so your number can be painted to perfection. Postage and packing on preset car plates and low tack stencil mask £6.50 per order.
